On Friday, September 21, 2018, Alamogordo Public Schools will be performing a major upgrade to our phone system. We anticipate the planned phone outage will be complete by Monday, September 24th. During the upgrade, we will have intermittent phone outages and limited phone service.

A designated **temporary** phone number has been put in place during the outage. During this time, please call the following number: **(575) 430-0434**.

Our goal is to minimize the impact of this upgrade as much as possible, which is the reason this upgrade will be done during Parent/Teacher Conference days.

We apologize for any inconvenience this may cause and appreciate your patience while we work diligently to get the upgrade in place.

Once the system upgrade is complete, we will notify you and you will be able to use the current, existing phone numbers that have been in place for your child's school and APS departments.
